

Eskişehir

The Dream City

Eskişehir is a city in northwestern of Turkey. The metropolitan population of the city is 887.475. The city is located on the side of Porsuk River. The name Eskişehir literally means "Old City" in Turkish.

In Turkey, Eskişehir known as The University City, because there are three universities in Eskişehir; Anadolu University, Eskişehir Osmangazi University and Eskişehir Technical University.

But it's not the only reason why we call Eskişehir The University City. It's called like that because almost all the university students want to go to Eskişehir for university education. That's because Eskişehir's local people are very open minded, kind and supportive towards to university students.

Eskişehir is also very attractive city for the tourists. The Porsuk River divides the city half from the middle and people can enjoy the city view while gondola riding. Also at certain times there are canoe festivals which are great to watch.

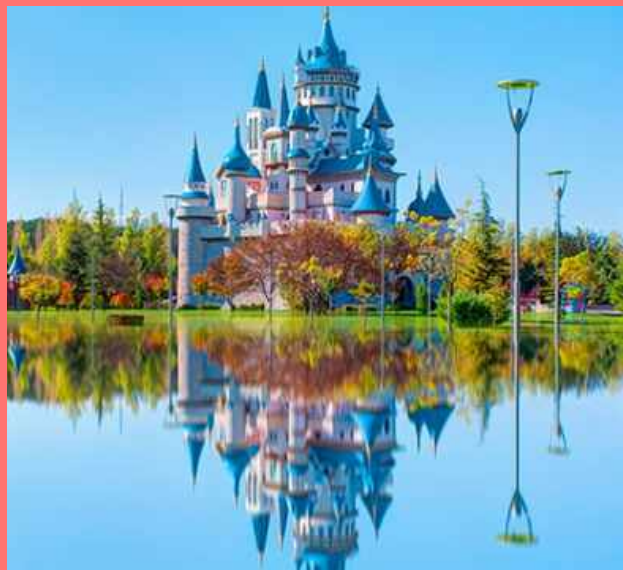

Sazova Science, Culture and Art Park is one of the most famous places in Eskişehir. The feature of this park is, it has small Disneyland, lake, restaurants, big aquariums, science center, a train which travels all the park and zoo in it.

Eskişehir has very charming museums like Eskişehir Wax Museum, Eskişehir Modern Art Museum, Museum of Cartoon Art, Air and Space Museum, Eskişehir Archeological Museum. And also Eskişehir has very unique houses which are heritage of Ottoman Empire.

Actually Eskişehir is my hometown. That's why I can tell a lot of things more about Eskişehir but I want you to see it by yourself. I strongly recommend you to visit Eskişehir and I guarantee that you wouldn't regret it :)
